

## INSTITUTIONAL DISTINCTIVENESS

2021-2022

The vision of NSS Training College is rooted in the foresight of its visionary founder. Over the years, the institution has remained steadfast in its commitment to its vision and mission, which is to cultivate a teaching and learning environment that fosters the development of skilled professionals who can contribute to the betterment of society. This mission serves as a guiding principle for both faculty and students, inspiring them to strive for excellence in their respective fields. At NSS Training College, we believe that education is the key to building a better nation, and we are dedicated to providing our students with the tools and knowledge they need to succeed in their chosen careers.

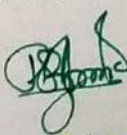

Our institution establishes themes and objectives for our students to accomplish through distinct activities both inside and outside the college each year. We want to equip our pupils for success in all spheres of life this academic year. Our strategy has had to change as a result of the pandemic and its aftereffects. In order to take a different approach than our customary practices, we have launched post-Covid programs in a number of areas. Our main emphasis is on providing students with rigorous training in value-added courses and soft skills training.

### Value Added Course

Topic: Soft Skills for the Smart Teacher

One week value added course on Soft Skills for the Smart Teacher was held from September 15, 2021 onwards. This was organized by IQAC and it ensures that the students receive professional training that adds to our objective of making them professional and maintaining
